DFM/A Three Path Model

**Path 1**
- Review New Goals (Design & Development) & Past Mfg. Concerns
  - Select Categories to Focus on in DFM/A Checklist
    - Determine SMEs Working Teams for Path 2

**Path 2**
- Review Current State Product & Process Design
  - Determine Opportunities based on Checklist Items
    - If Opportunity Present, Describe Issue & Actions

**Path 3**
- Refine Issue to Clarify Action
  - Impact Analysis
    - DFMEA
    - PFMEA
    - Aesthetics
    - Test Plan
    - Key Dimensions
  - If Impact is Potentially Harmful / More Work, Go to Next APQP Tool Indicated

**Actions**
- Describe Changed that can Improve from Current State
- Determine Person Responsible and Date Due
- Transfer Details to Next APQP Tool as needed
  - DFMEA
  - PFMEA
  - Aesthetics
  - Test Plan
  - Key Dimensions
